## ROBBERY MYSTERY IS STILL UNSOLVED

Clues on Which Authorities Are  
Working May Implicate Local  
Talent in Knecht Theft

5 MEN AROUSE SUSPICION

Strange Characters Meet Here Early  
Thursday Morning—Most of  
Checks Accounted For

### BULLETIN

Working on a clue to the robbery of night before last when the Knecht Clothing Company's store was ransacked, the officers this afternoon late searched the residence of John Newman, located at the extreme end of East Eighth street, but nothing was found that would connect with the robbery.

The search was conducted by Sheriff Jones, Deputy Will Spivey and Patrolman Pea.

A neighbor of that vicinity stated to the officers that last evening a team drove up to the house and inquired of Mr. Newman if that was where Delbert Newman lived. A short time later two packages were brought from the house and taken away by the team.

Neighbors of that vicinity stated this afternoon that Delbert Newman, the son of John Newman, has not been seen around home since early yesterday morning.

The mystery of the Knecht Clothing Company's robbery which took place sometime during Wednesday night was still unsolved today, although several theories had been advanced and several clues were being traced by Mr. Knecht today.

The loss in merchandise, excepting the men's suits, was said today to be equal to \$500, and all of the \$400 in checks had been accounted for with the exception of about \$75 worth. In these cases the writers of the checks gave duplicate checks, and ordered payment stopped on the original checks.

Mr. Knecht was too busy to estimate the loss he sustained in men suits, as it will require considerable work to check up all the suits. Several of the clues advanced may implicate local talent, with the aid of outside people, and the authorities in every city around here have been notified of the robbery.

A peculiar circumstance was related today which may have some bearing on the robbery. After the robbery several persons recalled the meeting of five strange men, who came from opposite directions, in a local restaurant about one o'clock yesterday morning. The meeting at that time seemed to be a coincidence but in the light of developments, it appeared to be prearranged.

Persons who were in the restaurant between midnight Wednesday and one o'clock Thursday morning say that three strange men, comparatively well dressed, drove up in front of the place from the east in a large Cadillac machine, got out and ordered some thing to eat.

In a short time two other men came in from the west in a Ford truck, stopped in front of the restaurant and went in. One of them apparently recognized one of the trio which had previously entered and said something about not expecting to see him there.

Soon the whole crowd was together and acted as if they were old friends, although people who were in the restaurant thought nothing of the circumstance at that time, but when the robbery was reported they immediately called it to mind.

Whether it has any bearing on the robbery is not known, but it aroused the suspicions of the men who recalled the incident yesterday, and it has been reported to the authorities. Two of the strangers, it is said, wore caps, but no one remembers whether either one of the caps was similar to the one left by the robbers in the clothing store, which is the only tangible clue on which the authorities have to work.

## ANNUAL OUTING ON TUESDAY

Salvation Army Will Entertain Children in Country

The annual outing of the Salvation Army given for the children of the city, will be held next Tuesday on the Ben F. Reeves farm, four and one-half miles south east of the city on the Hume road. The hours for the picnic will be between nine o'clock in the morning and five o'clock in the evening. At noon dinner will be served and in general the day will be enjoyed with all kinds of sports. Refreshments also will be served in the afternoon.

The following committees have been appointed to arrange for the day: Transportation, Envoy Gipson, Louis Hunter and Ed Curry; sports—boys, Marshall Kirk, Louis Hunter and Ed Curry; girls—Mrs. J. A. Tench, Mrs. Chalen Jones and Mrs. Rogers; refreshments, Mrs. Gipson, Mrs. Tench, Mrs. Tylar, Mrs. Rogers and Mrs. Jones.

## CAPT. J. A. TENCH TO LEAVE HERE AUGUST 8

Salvation Army Leader is Ordered to  
be at His New Appointment, as  
Yet Unknown, August 11

REGRET AT HIS DEPARTURE.

Capt. J. A. Tench, who has been in charge of the local corps of the Salvation Army, received orders today from Brigadier L. M. Simonson of Indianapolis to prepare to leave here August 8 and be at his new appointment August 11. Where he will be assigned will not be known until next week.

Capt. Tench is regarded as the best and most efficient Salvation Army official ever in Rushville and it was with great regret that his friends learned today of his orders to move. Capt. Tench came here direct from eighteen months service on the battlefields of France with the Canadian Expeditionary forces, having seen service in many big battles. He was a sergeant in the infantry and is the only man in Indiana possessing the Mons medal, awarded for bravery in the battle of Mons.

It has been known for some time that Capt. Tench would probably leave here on account of the health of his son Graham, four and a half years old, who is afflicted with bronchial trouble. His appointment will probably be in the north on account of his boy's health.

## WHEAT YIELD IS A BIG DISAPPOINTMENT

Farmers Were Encouraged When  
Grain Was Cut, But The Averages  
Are Very Low

IT IS ALL OF GOOD QUALITY

There is very little prospect of the wheat crop, taking the county as a whole, averaging more than twelve bushels to the acre in yield, according to reports from elevators today.

Although some yields have been as high as twenty-five bushels—and in one case one field made thirty bushels—in the majority of cases the average is around ten or fifteen bushels. The crop of one Rush county farmer, it is stated, averaged only three bushels to the acre.

Cliff Winship, living south of Rushville, is believed to have threshed the best crop of wheat so far this season, one field of thirty acres producing nine hundred bushels. His whole crop averaged twenty-five bushels.

When the wheat was cut, farmers were hopeful of fairly good yields, although they were not expecting much due to the light straw. The only encouraging thing about the whole situation is that the wheat is of good quality and is grading well.

## 1ST CULLING DATE NEXT WEDNESDAY

Demonstration Will be Held on  
Chester Cross Farm in Jackson  
Township, It is Announced

STATE AID NOT SOLICITED

Loafing Hens Will be Weeded From  
Flocks—60 Counties Are Planning  
Same Line of Work

County Agent D. D. Ball has announced that the first culling demonstration will be held on the farm of Chester Cross in Jackson township, next Wednesday afternoon at two o'clock, and a complete schedule of other farms in the various townships will be announced when the list is completed. Several open dates are available and those interested for a demonstration can avail themselves of the opportunity by communicating with the county agent.

Demonstrations of poultry culling or how to weed out the loafing hens will be given in more than two thirds of the counties of the state during the next five weeks, according to announcement by the poultry department at Purdue University. The university poultrymen are scheduled for more than 60 counties and in most of the others, especially those having county agents, from one to a dozen other demonstrations will be given.

The local work will be conducted by the county agent, and state aid will not be solicited as Mr. Ball is thoroughly capable of attending to the demonstrations, as he has had considerable experience along this line.

The culling work conducted in the county last year attracted a great deal of attention and there is an increased interest in this line this year and the county agent is arranging demonstrations in each of the twelve townships, for the purpose of demonstrating the methods used in telling the poor producing hens from the ones worth keeping so that the unprofitable bird can be eliminated from the flock.

Twenty-seven percent of the hens kept in Rush county, the results of last years demonstrations show, are unprofitable and do not lay enough eggs to pay for their feed. When it is considered that this means something like 30,000 hens eating high price feed which they do not pay for, it can be seen how important it is to cull the flocks of the county.

The methods which will be demonstrated at the meetings are simple and practical and after attending one demonstration, the poultry raiser will be able to cull his own flock very satisfactorily. The full schedule of the demonstrations which are to follow will be announced later.

## MEETINGS CLOSE SUNDAY

All Day Session Will be Held at  
City Park Last Day

"Leaving the days of childhood for the maturity of womanhood and manhood in soul life," was the theme of the sermon preached by Evangelist Carter at the United Brethren revival meeting last evening in the Coliseum. Miss Edith Myer of Morristown was present and lead the singing and Miss Colvin of the M. E. church in New Salem assisted in the meeting and will continue to do so the remainder of the week. The series of meetings being held by this church for the past few weeks will come to a close Sunday with an all day meeting in the city park. Everyone is cordially invited to attend these meetings.

### DISLOCATED HIP

James Miller, who lives with his son, Ed Miller, and family three and one-half miles north of Manilla, suffered a serious accident yesterday when he fell and dislocated his hip. The accident which was an unusually painful one was rendered doubly serious by the fact that he is past 70 years of age. Dr. Barnum, of Manilla, was called to attend him.

## LIKELY TO USE OLD PRECINCTS

Political Leaders in Rush County  
See No Necessity For Increasing  
Number

PROVISIONS FOR WOMEN

Two Extra Clerks and Two Additional  
Booths in Each Precinct  
Believed Sufficient

It is regarded as probable that the original thirty-one precincts in Rush county will be used in the general election Tuesday, November 2, despite the fact that the vote may be double on account of women voting and even though the Rush county commissioners increased the number of precincts to fifty-nine before the primary election last spring.

It will be recalled that the commissioners redistricted the county for political purposes, creating fifty-nine precincts to take the place of the thirty-one which had formerly been used, anticipating that women would vote at the primary. However, the federal suffrage amendment was not ratified and the state authorities decided that the Indiana laws, though they give women the right to vote for president, did not extend to them the privilege of participating in the primary.

In informal discussions between the republican and democratic county chairmen here, it has been discovered that they are practically in agreement that there is no occasion for setting up large, unwieldy and expensive election machinery and using the new precincts when the old precincts will suffice.

They are agreed that the same precincts will accommodate the extra vote occasioned by the women casting ballots for president, in view of the fact that the special session of the legislature has amended the election law to provide for five booths in each precinct instead of three, and for two additional clerks to compile the vote.

This, it is generally believed, will take care of the women's votes, because the extra ballots will not occasion any great amount of extra work on any of the election officials except the clerks, and their number has been doubled. It is the belief of many that the two extra booths in each voting place will be sufficient to meet the demands of voters so that none will have to wait any great length of time to cast their ballots.

The women are sure of at least partial suffrage in the fall elections and will likely get the full vote, as it is regarded probable that the thirty-sixth state will ratify the federal suffrage amendment before November 2.

As the laws in Indiana now stands women are entitled to vote for president and vice president, regardless of whether the federal suffrage amendment is ratified or not. An act passed by the state legislature and approved February 6, 1919, gives "all women citizens of the age of twenty-one years and upwards, who shall have resided in the state six months and in the township sixty days, and in the ward or precinct thirty days immediately preceding any presidential election" the right to vote for the presidential and vice presidential candidates.

Separate ballot boxes and ballots will be provided for the women who vote under the authority of the 1919 act.

The women must comply with the same suffrage regulations as the men and everyone who expects to vote will be required to register. There will be two registration days the first Saturday in September and the first Monday in October. The hours will be from 8:00 a. m. to 9:00 p. m. and voters will register in the precinct in which they are entitled to vote. Both men and women who will be 21 years old on or before election day must register in order to be qualified to cast their vote.

## FIGHTING BREAKS OUT ANEW

Two Sinn Feiners Killed, Bringing  
Death List Up to 13

(By United Press.)

Galway, Ireland, July 23.—In reprisal for shooting of soldiers and court police, militarists today wrecked the village of Caltra near here and burned the headquarters of the Sinn Feiners.

Belfast, Ireland, July 23.—Street fighting between unionists and Sinn Feiners broke out here early today, resulting in two Sinn Feiners being killed and several Orangemen being wounded. Many buildings on the outskirts of the city were set on fire by the mob.

A tabulation of the casualties showed 13 killed and 16 wounded. All hospitals were filled to capacity. Crowds were dispersed as soon as formed. Fifty-four men have been arrested in connection with the fighting.

## ASKED TO WATCH FOR AN ESCAPED PRISONER

Sheriff Jones Notified to be on The  
Lookout For Howard Cerf Who  
Got Away Last Night

ESCAPES AT SHELBYVILLE

Sheriff E. M. Jones was asked today by the Shelby county authorities to be on the lookout for Howard Cerf, a life term prisoner in the Indiana state prison at Michigan City, who escaped from the Shelby county jail last night.

Cerf was taken to Shelbyville to testify in a case against four men who are accused of having formed a conspiracy to steal and sell automobiles. He was sentenced to prison under the habitual criminal act in Marion county and once tried to escape jail while in Indianapolis.

The escape of Cerf is surrounded with mystery, as his cell, which was on the second floor of the jail, was found locked and there was no evidence that the lock had been tampered with. None of the bars of the cell had been sawed. The door of the kitchen in the residence part of the jail was found unlocked, and it is presumed that Cerf made his way out through the entrance.

A guard from the State Prison who brought Cerf here last Monday, had been in charge of him since his arrival and locked him in his cell last night.

## PARSONAGE TO BE DEDICATED ON AUG. 1

Modern Bungalow is Completed For  
Pastor of the Arlington  
Christian Church

FINISHED AT COST OF \$4,500

The members of the Arlington Christian church have just completed an up to date, modern residence on the church lot, in Arlington for the use of their minister as a parsonage.

It is of bungalow style with a large basement, and finished on the outside with Kellastone, and completed at about a cost of forty-five hundred dollars.

On Sunday, Aug. 1, appropriate dedication exercises will be held at the church with an all day meeting, including a big dinner at noon in the basement of the church. The dedication services will be fully in charge of the Rev. C. W. Cauble of Indianapolis, Ind., and communion services will be held in the afternoon.

It is expected that a large crowd will be in attendance on this occasion, and that many visitors from other churches in the county will be present and enjoy the fellowship of the church.

### APPEAL FOR SUFFRAGE

Marian, Ohio, July 23.—Another strong appeal for the ratification of the suffrage amendment in Tennessee was made today by Sen. Harding in a message to John Houck.

## SENATE PASSES HOME RULE BILL

Restores to Local Officials Authority  
Over All Tax Levies and  
Bond Issues

IT HAS SANCTION OF HOUSE

Provides Circuit Court Judge May  
Sit as Arbitrator in Case of  
Dispute

(By United Press.)

Indianapolis, Ind., July 23.—Amended so as to remove the appellate jurisdiction of the tax board over tax levies and bond issues, the court "home rule" tax bill was passed by the senate today by a unanimous vote.

Representative Johnson of Gas City introduced the bill. It provided originally that local taxing units shall have control over the tax levies and bond issues and retained for the tax board the final jurisdiction.

As it passed the senate the bill provided that the circuit court judge may sit as arbitrator. This power was held by the tax board under the measure as it passed the house of representatives.

Such bond issue petitions as are now before the tax board will be returned to the communities in which they originated, another amendment provided.

Still another amendment approved that the Governor have the power to remove any member of the tax board for a sufficient cause.

All amendments went through as designed in a caucus of republican senators. Democratic senators also favor the amendments.

The bill passed under the suspension of the rules in order to permit immediate action.

The measure now goes to the house for concurrence in amendments.

The suspension of the rules came after two thirty minute recesses taken in order to give the democratic senators time to decide on the amendments and to give the republican senators time to agree on the suspension of the rules.

Lieut. Governor Bush lead the opposition to featuring the tax board in the right of jurisdiction in case of an appeal.

When informed of the action of the senate, Governor Goodrich said: "I am for anything that will suit the people and I believe they should have any thing they might want."

The measure was also recommended by Governor Goodrich in a special message before an extraordinary assembly.

The house spent most of the morning considering minor bills still waiting for the senate returns on the house measures and final action by the upper body.

## LOSES \$925.80 ON DEAL

County Pays State \$19,733 in School  
Taxes—Gets \$10,807 Back

Charles A. Frazee, county treasurer, today received a check from the state treasurer for \$10,807.75 as the county's share of the state school fund. There was collected in Rush county on the spring installment in school revenue, \$19,733.55, all of which was sent to the state. This reveals that the county lost \$925.80 in the transaction. This is always the case as the wealthier counties of the state help support the schools of the poorer counties. For many years the law has been regarded as unfair.

### CANVASS OF COUNTY ENDS

Salvation Army Sale is Still Being Conducted However

The Salvation Army canvass of the county for contributions to be sold for the benefit of the Home Service fund, was completed yesterday, when Capt. Tench of the local branch of the Salvation Army made a tour to Andersonville.

The captain states that he has met with good success in his solicitations of the farmers and the small towns of the county. He also stated that greater success of the campaign can be obtained if those who promised to bring their donations to the headquarters here would not forget it. All contributions can be brought to the sample room in the old Windsor hotel building, which opens in First street, where the sale is being conducted.

in fashionable eastern circles.

In the role of Jim Pierce, Jr., Harry Carey appears as the son of a wealthy manufacturer who is looked upon as the successor to his father's position and interests. Just as he is about to admit failure in his conventional surroundings, he decides to go West and assume the management of a ranch owned by his father.

Here he meets adventures and trials to test his mettle, battles with men and with the elements, and finally meets the girl he decides to win. A jealous Spanish girl, sister of the owner of a neighboring ranch conspires to spoil his romance. She almost succeeds.

The elaborate settings of the millionaire colony in the East have been reproduced with as much attention to detail as the inspiring Western scenes.

"Human Stuff" promises to be a worthy successor to "Marked Men," "Overland Red," and other recent Carey successes.

**WORD OF DEATH RECEIVED**

Word has been received here announcing the death of Robert Emrys Lloyd, infant son of D. L. Lloyd of Detroit, Michigan. The remains will be brought to this city tomorrow and interment will take place at the cemetery at Arlington.

**Fence Posts That Last**

We have just received three shipments of Fence Posts as follows:

**Chestnut**

4 to 6 inch round—8 foot line posts. These posts are reasonable in price—absolutely sound—very durable, and make a good post for a field fence.

**Red Cedar**

Red cedar posts, because of their beauty, are most often used for fences around the house. Our shipment included 7 and 8 foot lengths—for either a yard or field fence. Government tests rate them above all post timbers except osage and locust for their durability.

**Steel Posts**

We have taken particular pains in putting in our first stock of steel posts to get the best on the market—one that won't bend every time a cow leans against it. The T shaped angle iron we have will withstand a very great strain.

**Creosoted**

Our large stock of 8 foot creosoted line posts were not merely dipped but had the creosote boiled into them.

**Locust**

6 to 9 inch square and round 10 foot locust end posts. Also Red Cedar brace and end posts of any size desired.

Our stock of fence posts is unusual in its quality and variety. The price is right. Come and look them over.

### Weeds and Beauty

It is noted that the city council has instructed the city street commission to order all owners of vacant lots to cut the weeds and in case the order is not obeyed, to do the work and charge it to the property owner.

This is an annual event in Rushville as well as in most every other county seat town, and the only trouble is that such an order is not issued soon enough. The authorities generally wait until the weeds are so high that they are very unsightly, and then they are not finally cut until the summer is half gone.

There is nothing that contributes more to the unsightliness of a city or town than tall ugly weeds standing in every spot where they are allowed to thrive. The same thing holds true of the rural districts.

In these days of heavy automobile travel, the visitors within our borders see as much of the country as they do of the town and they can not have a very good impression of a county where farmers allow the weeds to grow as tall along the main roads that their live stock can hide in them.

Attention was recently called by a Rush county farmer who lives in Rushville, to the condition which exists on many of the principal roads, and the Daily Republican printed a story about it and urged that the weeds be cut.

Since that time, this farmer testifies, there has been some very notable improvement. Many farmers thoughtlessly allowed the weeds to spring up in the fence corners and along the roads. One farmer complained that no one would object to the weeds along the road if he were living on the farm and had to contend with the labor shortage as it exists today.

There is no question but that farm labor is scarce and that farmers are overworked during the harvest season, but it used to be the custom on the farm to make weed cutting a rainy day job when the harvest was stopped for the moment. A lot of farmers, according to reports, have been busy in the last few weeks and have taken advantage of every opportunity to mow down the weeds, which is very commendable and shows that Rush county farmers as well as the majority of the residents of Rushville have some pride in their own premises and their home city and county.

They told Harding all about what happened at Chicago last June, over at Marion, O., yesterday and the democrats are planning to slip the news to Cox, at Dayton, O., August 7.

It wouldn't take a lot of us long to decide whether we would accept an increase of twenty-one percent in wages.

## Grateful For Relief Given Aged Mother

Miss. Williams is Happily Surprised by Trutona's Unusual Merit as Reconstructive Agency

Evansville, Ind., July 22— "I am glad and enthused over the good Trutona has done me, but I simply lack the words to express my surprise and thanks for the relief of my mother's troubles," says Miss Sadie Williams, who lives in Evansville, at 808 East Pennsylvania Street.

"My mother had suffered from catarrh of the stomach and bronchial trouble for years. Because of her advanced age and the failure of so many medicines to do her any good, I had almost despaired of her getting any relief."

"I myself had been constantly suffering from stomach trouble for several years. When I'd drink water a lump seemed to form in my stomach, and I'd belch terribly."

"Both mother and I are now eating things we never before dared to touch, since taking Trutona. We both sleep soundly at night and neither of us is bothered with constipation any more. We're both certain we wouldn't have been sick so long had we known of Trutona sooner. Any one is welcome to call on us regarding the truth of this statement."

Trutona's health action reaches every portion of the body, and performs its work faithfully and efficiently. Trutona rebuilds diseased nerves and tissues, creates a healthy appetite and assists in the assimilation and digestion of the food.

Trutona is sold in Rushville at Hargrove and Mullin's Drug Store. (Adv.)

## HATED TO LOOK IN THE MIRROR

So Thin and Run Down He Planned To Quit Work—Tanlac Again Proves Merit

"For the first time in years I am now able to eat a good meal without suffering afterward, and what's more I am feeling as fine as I ever did in my life," recently said T. T. Enyart, a machinist in the employ of the Columbian Enameling and Stamping Company, living at 2206 Second Ave., Terre Haute, Ind., while telling friends of his recovery since taking Tanlac.

"I managed to hold on to my job," he continued, "although I was so bad off I had to lay off much of the time. In fact, I was planning to give up my work and do nothing but try to get relief. My stomach was all upset and had been for years, and I almost hated to go to the table, for it looked like every bite I ate meant trouble for me. I always had a full, nauseating feeling after eating and often I had a mean taste in my mouth. If I stooped over I got so dizzy I could hardly see and it seemed that all the blood rushed to my head. After I went to bed sharp pains in my stomach and sides would wake me up all during the night, and in the morning I felt just like I had done a hard day's work. I fell off in weight until I hated to look at myself in the mirror, and I knew something had to be done right away or I wouldn't last much longer.

I had heard so much good about Tanlac I commenced taking it. My appetite came back almost at once, I picked up in weight and soon got so I could eat anything I wanted. I never have a sign of indigestion now and I am enjoying everything I eat. The bad taste has left my mouth and I am not bothered with dizzy spells any more. I sleep sound all night long without turning over even once and I get up ready for work. I have gained back all my lost weight and I consider Tanlac the best medicine made, for there is something about it that does the work."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, and in Carthage by Otto C. McCarty.—(Adv.)

STERIZOL PREVENTS DISEASE

## Feed Every 3rd Hog FREE

Save feed and get your hogs ready for market in less time. Prove at our risk that you can save fully one third your feed, making it possible to feed every third hog free by feeding

**Milkoline At 2c a Gallon**

Milkoline has a base of pasteurized and sterilized, modified Buttermilk. It is guaranteed not to contain any sulphuric acid or anything of an injurious nature to hogs or poultry.

**Aids Digestion:** Thousands of the most successful hog raisers from New York to California during the past seven years have proved that Milkoline helps and assists digestion, tending to insure perfect assimilation of feed. It helps tone up the system so that hogs are less subject to disease, and practically insures gains of 2 1/2 pounds per head per day.

**University Tested:** Professor W. B. Combs while Asst. Prof. of Dairy Husbandry at Missouri University conducted a scientific test on Milkoline and found that Milkoline fed hogs put on more weight and showed 82.37% more profit than hogs not fed Milkoline. W. H. Graham a successful feeder of Middletown, Mo., said \$30 worth of Milkoline made him an extra profit of \$40. Lee Jackson of Wappingers Falls, N. Y., says Milkoline fixed up a bunch of shoats in fine style and is great for brood sows.

**Can't Spoil:** Milkoline is guaranteed not to rot, sour or become rancid. It will keep indefinitely in any climate. Piles do not come near it. It is always uniform, and is guaranteed to make you money or it doesn't cost you anything.

Distributed by

**2c a Gallon Milkoline** comes in condensed form, and you do the diluting on your own farm. When fed as directed Milkoline mixture (one part Milkoline to 60 parts water or swill) costs only 2c a gallon. Full feeding directions free. It is shipped in convenient kegs and barrels which we supply free. The prices are as follows: 5 gal. \$7.50; 10 gal. \$12.50; 15 gal. \$18.50; 25 gal. \$32.00; 55 gal. \$69.50. It pays to buy in barrel lots because you save 60c a gal. over the 5 gal. quantities.

**30 Day Guaranteed Trial.** You are safe in ordering any quantity of Milkoline today. Feed one half the shipment to your hogs and poultry in a thirty day test, then if you aren't entirely satisfied return the unused portion at our expense and we'll immediately refund every cent you paid us. We are so confident that you will find Milkoline the best money maker on the farm that the S. W. Boulevard Bank of Kansas City substantiates this offer. You are the sole judge. Send money order, or check, to us or our nearest dealer and we'll ship immediately. Our booklet, "How to Hustle Heavy Hogs to Market" will be sent free on request—your name on a card will do.

MAYS

The Tri Kappa sorority will meet Monday night at 6 o'clock with Mrs. Edith Ashworth at the home of her parents, Mr. and Mrs. D. C. Buell, living east of the city.

Mrs. Ray Compton was hostess for the members of the Tarry-A-While club this afternoon at her home in East Sixth street. The guests were entertained with an informal social party followed by the serving of refreshments.

Mr. and Mrs. A. G. Abernathy entertained the following guests at their home in Homer yesterday: Mrs. Catherine Winterroad, of Tip-ton county, Mrs. Charles Brunner of Norristown, Mrs. E. L. Sever and Mr. and Mrs. Lionel Sever and son Kenneth D. of Waldron.

Mrs. Theodore Abererombie de-lightfully entertained a number of ladies yesterday afternoon at her home in North Perkins street with an informal afternoon party. Those who enjoyed the affair were Mrs. D. D. Dragoo, Mrs. Louis Hiner, Mrs. Charles Frank, Mrs. Loren Meek, Mrs. John Colvin, Mrs. Walter Niles, Mrs. George Urbach, Mrs. Wilbur Wilson and Mrs. Gibson Ross. De-licious refreshments were served at the close of the party.

A bountiful pitch-in dinner was served at the home of Mr. and Mrs. Henry Neff of Greenfield, Tuesday, who are to leave soon with Mr. and Mrs. Charles Neff to spend the summer at the latter's home at Santa Ana, California. The guests included Mr. and Mrs. Joe Houston and son Wayne of Richmond, Mr. and Mrs. Claude Neff of Eaton, Mr. and Mrs. Will Bever of Anderson, Mr. and Mrs. Roy Cole of Indianapolis, Mr. and Mrs. Ray Bird of Shelbyville, Mr. and Mrs. Roy Neff of Greenfield, Mr. and Mrs. Charles Neff, Mr. and Mrs. Earl Beaver and daughter Mildred Louise, Mr. and Mrs. Matt Bever, Gladys Bever, Ruth Ryan and son Donald, Mr. and Mrs. John Bever, Mrs. Harriet Bever and Mr. and Mrs. Lon Ryan, all of this county.

Paul went with his mother to the country. Fresh watercress from the brook was served on the table and upon venturing to try some for the first time, he exclaimed: "Oh, it's alive!" "Why do you think so?" asked his mother. "Because it bites my tongue," he answered.

**Vincennes Couple Are Enthusiastic**  
Surprised to See How Quick the New Medicine Dreco, Went after Their Troubles.  
Indigestion and Gas in The Stomach Relieved, Sluggish Liver Aroused Weak Kidney Strengthened.

"I was certainly surprised to see how quick my wife and I were re-lieved of our troubles," declared Mr. Harry Dunham of 1521 North 12th Street, Vincennes, Ind.

"Both of us were feeling worn out, tired, no energy and had a poor appetite. My stomach would fill up with gas after each meal making me very uncomfortable, also had griping pains in my bowels, my liver was lazy which gave me dizzy spells and spots would float before my eyes. I often had pains in my back over my kidneys and had to get up several times during the night.

"My wife was quite nervous and suffered daily from constipation, bilious headaches and shortness of breath. The muscles in her back were sore and stiff.

Since we have been taking Dreco both of us are feeling very much better, all our troubles are much better and by the time we finish a full treatment I'm sure we will be sound and well. We think Dreco the best medicine ever brought to this city."

After taking Dreco is noticed that the bowel action becomes regular, gas in the stomach disappears, liver becomes active thereby overcoming dizzy spells and headaches, weak kidneys are strengthened, nerves quieted and the whole system feels full of vim and energy.

All good druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson and Co.

**ADVISES TEACHING OLD FOLKS TO PLAY**

Indianapolis Recreational Department Trying to Get Older People to Use Playgrounds

FOR CONTINUED GOOD HEALTH

25 Men All Expert Athletes to Direct Work of Boys and Men in Games at City Parks

Indianapolis, Ind., July 23.—"The war has taught grown ups as well as children to play," declared Walter R. Jarvis, director of the recreation department of the Indianapolis Park board today.

Pointing out briefly what athletic games accomplished for the soldiers during the war, Jarvis made it plain that the recreational department was trying to accomplish similar results in Indianapolis and Indiana among men and women as well as the children. Other cities of the state are keeping pace with Indianapolis in providing play grounds.

The swings, tennis courts, base ball diamonds and football gridiron may be used by the children most of the time, but the recreation department of every large city in the state is trying to get the grown ups to take advantage of the play grounds.

For the former athlete this means continued good health, for the man or woman who has never had a chance or inclination to take part in athletics it means many enjoyable athletic games which will result in better health.

Teaching grown ups to play is no small problem. "It is hard to teach an old dog new tricks," has proven true, but after all there are few men and women but who in their childhood took part in some kind of games. Matrons of the play-grounds lend their aid in starting and teaching competitive games in which women are glad to take part. Competitive games an athletics seem to have more attraction to the American and that type of athletics are popular.

Jarvis has twenty-five men all expert athletes, who direct the work of the boys and the men in the games at the various city parks. These athletes see to it that the games are provided for all men. The old game of horse shoe played at every cross roads in the Hoosier state, today is just as popular in the city parks and leagues have been formed and maton games played.

In promoting track and field athletics, Jarvis has accomplished more than any other man outside of the college and high schools. He has provided medals which has been awarded to winners under auspices of the recreation department of the park board.

These meets have not been limited to Indianapolis boys and men but have been open to any athlete in the state.

The Indianapolis Athletic and Canoe Club track team with its combination of star athletes at a meet held at Willard Park was defeated by a team from Greenwood, Ind.

**HORTICULTURISTS TO MEET AT LAUREL**

Orchard There is Selected for Annual Meeting of Indiana Horticultural Society Aug. 5

PROMINENT MEN TO SPEAK.

Laurel Orchard Company Used as Experiment by Purdue University For Ten Years

Proper cultivation, which included the turning under of clover crops, brought eleven times as much fruit as where the trees were left in sod, and also increased the growth of the trees 43%, according to the results of ten years' experimental work by Purdue University on the farm of the Laurel Orchard Company at Laurel. Different methods of the orchard, an extremely heavy soil management were tried out in straw mulch scattered under the trees giving results practically equal to the tillage.

Because of the wonderful results obtained in the experimental work at Laurel and the features of value to every orchardist not only in Indiana, but in other states as well, the annual summer meeting of the Indiana Horticultural Society will be held in the Laurel orchard Aug. 5. The facts and figures will be given, and every man will have a chance to learn the most profitable way in which his orchard may be managed. The program will open at 1 o'clock in the afternoon with an address by Prof. C. G. Woodbury, formerly director of the Purdue Experiment Station, under whose direction the orchard work was started ten years ago, while he was head of the horticultural department. Prof. G. I. Christie, head of the extension and

experimental work at Purdue, then will speak of the future of orcharding in the state and the part the university can play in its development. Prof. Joseph Oskamp of the Missouri Fruit Experiment Station at Mountain Grove, Mo., who had direct charge of the work most of the time the tests have been in progress will give the results of the experiments, explaining details of management and other points of interest to fruit growers.

Prof. W. H. Alderman, chief of the horticultural department at the University of Minnesota, and Prof. W. J. Kraus, of Wisconsin University, will be the other principal speakers.

Every person in Indiana interested in fruit growing is urged to attend this meeting. For further details and program of the meeting address H. H. Swain, secretary Indiana Horticultural Society, Lafayette, Indiana.

**NUDE BODY OF GIRL FOUND IN A TRUNK**

Discovered When Expressman Delivers it to New York City Address—Sent From Detroit

WAS SHIPPED ON JUNE 17

(By United Press.)

New York, July 23.—A nude body of a young woman with a twelve inch knife wound in her abdomen was found stuffed in a trunk under a pile of clothing by James Damerist, delivery foreman of the American Express company here today.

The trunk was consigned to James Douglas of New York City, and marked shipped from A. A. Tieturn, 105 Harper street, Detroit, Michigan.

Detroit, Mich., July 23.—Information regarding the persons who lived at 105 Harper Avenue, the address from which a trunk was shipped to New York containing the nude body of a young woman, was given today by Mrs. Lottie Brooks, wife of the janitor of the building at that address.

Mrs. Brooks said, a couple lived at the building early in June. The woman disappeared before June 17 the date on which the trunk was shipped. A few days later the man also disappeared after borrowing money from several of the members of the building in order to ship two trunks.

**REPUBLICAN EDITORS MEET NEXT FRIDAY**

Annual Outing Will be Held at Turkey Run and Prominent Politicians Will be Present

THEIR FAMILIES INVITED TOO

Indianapolis, Ind., July 23.—(Special) Republican editors and their friends will gather next Friday, at Turkey Run Park for the annual outing of the Indiana Republican Editorial Association. An elaborate program has been arranged and according to Ed J. Hancock, president of the association, a record attendance will be on hand.

One of the special attractions of the program will be a fifty mile automobile tour through the park and the adjacent grounds, which are famous for their picturesque beauty.

Among the speakers will be Warren T. McCray, Republican nominee for governor; Governor James P. Goodrich, Senators Harry S. New and James E. Watson, and E. M. Wasmuth, chairman of the Republican State Committee. Fred R. Shortemeier, Secretary of the state committee, said today that announcement of another speaker of national reputation will be made in a few days.

The nominees on the Republican state ticket and many other leading Republicans will attend, President Hancock stated.

To reach Turkey Run the steam line to Marshall or interurban line to Crawfordsville should be taken. From either of these points automobiles can be taken to the park. Automobiles will meet the morning train at Marshall to take guests to the outing. The editors have been invited to take their wives and families with them and all Republicans are cordially invited to attend.

## THE NEW OVERLAND

On Triplex Springs nimbly glided over the nation's roughest roads has written a wonderful story of Stamina. The story began with the unprecedented pre-production test covering 250,000 miles of the wild country of the great Southwest. In its first eight months of service among 75,000 owners climax upon climax has been piled up in records of extraordinary performance.

The remarkable performance of the Overland is due largely to its jar-absorbing Triplex Springs, which prevent the usual pounding of rough roads from causing discomfort to passengers. They also reduce the stress and strain on motor and chassis, preserving the car for longer wear and reducing upkeep. The chassis itself of finest alloy steel adds to the stamina of the car as a whole.

The success of the Overland Triplex Springs has changed the attitude of thousands toward the light type of motor car. You cannot truly appreciate the comfort, economy and stamina of the new Overland until you have actually ridden in this car.

DENY STATEMENTS  
MADE BY THE MAYOR

Peoples Gas Co. Directors Call Attention to Some Things Irvin Said Which are Not True

## MEET EVERY MONDAY NIGHT

In reply to statements made by Mayor Irvin before the city council Tuesday night, attacking the Peoples Gas company, directors said today that the mayor was mistaken about bank directors on the gas company's board receiving \$60, for as a matter of fact they received \$100 a year as bank directors.

In any event, the comparison was not fair, the gas company directors pointed out, because they meet every Monday night during the year and frequently at extra sessions, whereas bank directors hold a far smaller number of sessions a year. The gas company directors actually transact the business of the company and the employees are responsible to them.

They declared the charge by the mayor that the salaries of employees had been the same for six or seven years was refuted by the testimony introduced at the state public service commission hearing yesterday, which showed the secretary's salary had increased twenty-five percent, the superintendent's fifty percent

If You Are Easily Tired Out,  
Your Blood Needs Purifying

Clogged-up Impurities Will Undermine Your Health.

The first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown.

This whole condition is but the result of impurities in the blood that show that nature needs assistance in giving the system a general housecleaning.

Nearly everybody just now needs a few Bottles of S. S. S. to cleanse the system of impurities.

S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vitality to both old and young.

## ROBBERY MYSTERY IS STILL UNSOLVED

Clues on Which Authorities Are Working May Implicate Local Talent in Knecht Theft

### 5 MEN AROUSE SUSPICION

Strange Characters Meet Here Early Thursday Morning—Most of Checks Accounted For

### BULLETIN

Working on a clue to the robbery of night before last when the Knecht Clothing Company's store was ransacked, the officers this afternoon late searched the residence of John Newman, located at the extreme end of East Eighth street, but nothing was found that would connect with the robbery.

The search was conducted by Sheriff Jones, Deputy Will Spivey and Patrolman Pea.

A neighbor of that vicinity stated to the officers that last evening a team drove up to the house and inquired of Mr. Newman if that was where Delbert Newman lived. A short time later two packages were brought from the house and taken away by the team.

Neighbors of that vicinity stated this afternoon that Delbert Newman, the son of John Newman, has not been seen around home since early yesterday morning.

The mystery of the Knecht Clothing Company's robbery which took place sometime during Wednesday night was still unsolved today, although several theories had been advanced and several clues were being traced by Mr. Knecht today.

The loss in merchandise, excepting the men's suits, was said today to be equal to \$500, and all of the \$400 in checks had been accounted for with the exception of about \$75 worth. In these cases the writers of the checks gave duplicate checks and ordered payment stopped on the original checks.

Mr. Knecht was too busy to estimate the loss he sustained in men suits, as it will require considerable work to check up all the suits. Several of the clues advanced may implicate local talent, with the aid of outside people, and the authorities in every city around here have been notified of the robbery.

A peculiar circumstance was related today which may have some bearing on the robbery. After the robbery several persons recalled the meeting of five strange men, who came from opposite directions, in a local restaurant about one o'clock yesterday morning. The meeting at that time seemed to be a coincidence but in the light of developments, it appeared to be prearranged.

Persons who were in the restaurant between midnight Wednesday and one o'clock Thursday morning say that three strange men, comparatively well dressed, drove up in front of the place from the east in a large Cadillac machine, got out and ordered some thing to eat.

In a short time two other men came in from the west in a Ford truck, stopped in front of the restaurant and went in. One of them apparently recognized one of the trio which had previously entered and said something about not expecting to see him there.

Soon the whole crowd was together and acted as if they were old friends, although people who were in the restaurant thought nothing of the circumstance at that time, but when the robbery was reported they immediately called it to mind.

Whether it has any bearing on the robbery is not known, but it aroused the suspicions of the men who recalled the incident yesterday, and it has been reported to the authorities. Two of the strangers, it is said, wore caps, but no one remembers whether either one of the caps was similar to the one left by the robbers in the clothing store, which is the only tangible clue on which the authorities have to work.

## ANNUAL OUTING ON TUESDAY

Salvation Army Will Entertain Children in Country

The annual outing of the Salvation Army given for the children of the city, will be held next Tuesday on the Ben F. Reeves farm, four and one-half miles south east of the city on the Hume road. The hours for the picnic will be between nine o'clock in the morning and five o'clock in the evening. At noon dinner will be served and in general the day will be enjoyed with all kinds of sports. Refreshments also will be served in the afternoon.

The following committees have been appointed to arrange for the day: Transportation, Envoy Gipson, Louis Hunter and Ed Curry; sports—boys, Marshall Kirk, Louis Hunter and Ed Curry; girls—Mrs. J. A. Tench, Mrs. Chalen Jones and Mrs. Rogers; refreshments, Mrs. Gipson, Mrs. Tench, Mrs. Tyler, Mrs. Rogers and Mrs. Jones.

## CAPT. J. A. TENCH TO LEAVE HERE AUGUST 8

Salvation Army Leader is Ordered to be at His New Appointment, as Yet Unknown, August 11

### REGRET AT HIS DEPARTURE.

Capt. J. A. Tench, who has been in charge of the local corps of the Salvation Army, received orders today from Brigadier L. M. Simonson of Indianapolis to prepare to leave here August 8 and be at his new appointment August 11. Where he will be assigned will not be known until next week.

Capt. Tench is regarded as the best and most efficient Salvation Army officer ever in Rushville and it was with great regret that his friends learned today of his orders to move. Capt. Tench came here direct from eighteen months service on the battlefields of France with the Canadian Expeditionary forces, having seen service in many big battles. He was a sergeant in the infantry and is the only man in Indiana possessing the Mons medal, awarded for bravery in the battle of Mons.

Capt. Tench was in Salvation Army work in Linton, Ind., when he enlisted in the Canadian forces, having been born and reared in Canada. It has been known for some time that Capt. Tench would probably leave here on account of the health of his son Graham, four and a half years old, who is afflicted with "rheumatic trouble." His appointment will probably be in the north on account of his boy's health.

## WHEAT YIELD IS A BIG DISAPPOINTMENT

Farmers Were Encouraged When Grain Was Cut, But The Averages Are Very Low

### IT IS ALL OF GOOD QUALITY

There is very little prospect of the wheat crop, taking the county as a whole, averaging more than twelve bushels to the acre in yield, according to reports from elevators today.

Although some yields have been as high as twenty-five bushels—and in one case one field made thirty bushels—in the majority of cases the average is around ten or fifteen bushels. The crop of one Rush county farmer, it is stated, averaged only three bushels to the acre.

Cliff Winslow, living south of Rushville, is believed to have threshed the best crop of wheat so far this season, one field of thirty acres producing nine hundred bushels. His whole crop averaged twenty-five bushels.

When the wheat was cut, farmers were hopeful of fairly good yields, although they were not expecting much due to the light straw. The only encouraging thing about the whole situation is that the wheat is of good quality and is grading well.

## 1ST CULLING DATE NEXT WEDNESDAY

Demonstration Will be Held on Chester Cross Farm in Jackson Township, It is Announced

### STATE AID NOT SOLICITED

Loafing Hens Will be Weeded From Flocks—60 Counties Are Planning Same Line of Work

County Agent D. D. Ball has announced that the first culling demonstration will be held on the farm of Chester Cross in Jackson township, next Wednesday afternoon at two o'clock, and a complete schedule of other farms in the various townships will be announced when the list is completed. Several open dates are available and those interested for a demonstration can avail themselves of the opportunity by communicating with the county agent.

Demonstrations of poultry culling or how to weed out the loafing hens will be given in more than two thirds of the counties of the state during the next five weeks, according to announcement by the poultry department at Purdue University. The university poultrymen are scheduled for more than 60 counties and in most of the others, especially those having county agents, from one to a dozen other demonstrations will be given.

The local work will be conducted by the county agent, and state aid will not be solicited as Mr. Ball is thoroughly capable of attending to the demonstrations, as he has had considerable experience along this line.

The culling work conducted in the county last year attracted a great deal of attention and there is an increased interest in this line this year and the county agent is arranging demonstrations in each of the twelve townships, for the purpose of demonstrating the methods used in telling the poor producing hens from the ones worth keeping so that the unprofitable bird can be eliminated from the flock.

Twenty-seven percent of the hens kept in Rush county, the results of last year's demonstrations show, are unprofitable and do not lay enough eggs to pay for their feed. When it is considered that this means something like 30,000 hens eating high price feed which they do not pay for, it can be seen how important it is to cull the flocks of the county.

The methods which will be demonstrated at the meetings are simple and practical and after attending one demonstration, the poultry raiser will be able to cull his own flock very satisfactorily. The full schedule of the demonstrations which are to follow will be announced later.

## MEETINGS CLOSE SUNDAY

All Day Session Will be Held at City Park Last Day

"Leaving the days of childhood for the maturity of womanhood and manhood in soul life," was the theme of the sermon preached by Evangelist Carter at the United Brethren revival meeting last evening in the Coliseum. Miss Edith Myer of Morristown was present and lead the singing and Miss Colvin of the M. E. church in New Salem assisted in the meeting and will continue to do so the remainder of the week. The series of meetings being held by this church for the past few weeks will come to a close Sunday with an all day meeting in the city park. Everyone is cordially invited to attend these meetings.

### DISLOCATED HIP

James Miller, who lives with his son, Ed Miller, and family three and one-half miles north of Manilla, suffered a serious accident yesterday when he fell and dislocated his hip. The accident which was an unusual painful one was rendered doubly serious by the fact that he is past 70 years of age. Dr. Barnum, of Manilla, was called to attend him.

## LIKELY TO USE OLD PRECINCTS

Political Leaders in Rush County See No Necessity For Increasing Number

### PROVISIONS FOR WOMEN

Two Extra Clerks and Two Additional Booths in Each Precinct Believed Sufficient

It is regarded as probable that the original thirty-one precincts in Rush county will be used in the general election Tuesday, November 2, despite the fact that the vote may be double on account of women voting and even though the Rush county commissioners increased the number of precincts to fifty-nine before the primary election last spring.

It will be recalled that the commissioners redistricted the county for political purposes, creating fifty-nine precincts to take the place of the thirty-one which had formerly been used, anticipating that women would vote at the primary. However, the federal suffrage amendment was not ratified and the state authorities decided that the Indiana laws, though they give women the right to vote for president, did not extend to them the privilege of participating in the primary.

In informal discussions between the republican and democratic county chairmen here, it has been discovered that they are practically in agreement that there is no occasion for setting up large, unwieldy and expensive election machinery and using the new precincts when the old precincts will suffice.

They are agreed that the same precincts will accommodate the extra vote occasioned by the women casting ballots for president, in view of the fact that the special session of the legislature has amended the election law to provide for five booths in each precinct instead of three, and for two additional clerks to compile the vote.

This, it is generally believed, will take care of the women's votes, because the extra ballots will not occasion any great amount of extra work on any of the election officials except the clerks, and their number has been doubled. It is the belief of many that the two extra booths in each voting place will be sufficient to meet the demands of voters so that none will have to wait any great length of time to cast their ballots.

The women are sure of at least partial suffrage in the fall elections and will likely get the full vote, as it is regarded probable that the thirty-sixth state will ratify the federal suffrage amendment before November 2.

As the laws in Indiana now stand, women are entitled to vote for president and vice president, regardless of whether the federal suffrage amendment is ratified or not. An act passed by the state legislature and approved February 6, 1919, gives "all women citizens of the age of twenty-one years and upwards, who shall have resided in the state six months and in the township sixty days, and in the ward or precinct thirty days immediately preceding any presidential election, the right to vote for the presidential and vice presidential candidates."

Separate ballot boxes and ballots will be provided for the women who vote under the authority of the 1919 act.

The women must comply with the same suffrage regulations as the men and everyone who expects to vote will be required to register. There will be two registration days, the first Saturday in September and the first Monday in October. The hours will be from 8:00 a. m. to 9:00 p. m. and voters will register in the precinct in which they are entitled to vote. Both men and women who will be 21 years old on or before election day must register in order to be qualified to cast their votes.

## FIGHTING BREAKS OUT ANEW

Two Sinn Feiners Killed, Bringing Death List Up to 13

(By United Press.)

Galway, Ireland, July 23.—In reprisal for shooting of soldiers and court police, militarists today wrecked the village of Caltra near here and burned the headquarters of the Sinn Feiners.

Belfast, Ireland, July 23.—Street fighting between unionists and Sinn Feiners broke out here early today, resulting in two Sinn Feiners being killed and several Orangemen being wounded. Many buildings on the outskirts of the city were set on fire by the mob.

A tabulation of the casualties showed 13 killed and 16 wounded. All hospitals were filled to capacity. Crowds were dispersed as soon as formed. Fifty-four men have been arrested in connection with the fighting.

## ASKED TO WATCH FOR AN ESCAPED PRISONER

Sheriff Jones Notified to be on The Lookout for Howard Cerf Who Got Away Last Night

### ESCAPES AT SHELBYVILLE

Sheriff E. M. Jones was asked today by the Shelby county authorities to be on the lookout for Howard Cerf, a life term prisoner in the Indiana state prison at Michigan City, who escaped from the Shelby county jail last night.

Cerf was taken to Shelbyville to testify in a case against four men who are accused of having formed a conspiracy to steal and sell automobiles. He was sentenced to prison under the habitual criminal act in Marion county and once tried to escape jail while in Indianapolis.

The escape of Cerf is surrounded with mystery, as his cell, which was on the second floor of the jail, was found locked and there was no evidence that the lock had been tampered with. None of the bars of the cell had been sawed. The door of the kitchen in the residence part of the jail was found unlocked, and it is presumed that Cerf made his way out through the entrance.

A guard from the State Prison who brought Cerf here last Monday, had been in charge of him since his arrival and locked him in his cell last night.

## PARSONAGE TO BE DEDICATED ON AUG. 1

Modern Bungalow is Completed For Pastor of the Arlington Christian Church

### FINISHED AT COST OF \$4,500

The members of the Arlington Christian church have just completed an up-to-date, modern residence on the church lot, in Arlington for the use of their minister as a parsonage.

It is of bungalow style with a large basement, and finished on the outside with Kellastone, and completed at about a cost of forty-five hundred dollars.

On Sunday, Aug. 1, appropriate dedication exercises will be held at the church with an all day meeting, including a big dinner at noon in the basement of the church. The dedicatory services will be fully in charge of the Rev. C. W. Cable of Indianapolis, Ind., and communion services will be held in the afternoon.

It is expected that a large crowd will be in attendance on this occasion, and that many visitors from other churches in the county will be present and enjoy the fellowship of the church.

### APPEAL FOR SUFFRAGE

Marian, Ohio, July 23.—Another strong appeal for the ratification of the suffrage amendment in Tennessee was made today by Sen. Hays in a message to John H. Hays.

## SENATE PASSES HOME RULE BILL

Restores to Local Officials Authority Over All Tax Levies and Bond Issues

### IT HAS SANCTION OF HOUSE

Provides Circuit Court Judge May Sit as Arbitrator in Case of Dispute

(By United Press.)

Indianapolis, Ind., July 23.—Amended so as to remove the appellate jurisdiction of the tax board over tax levies and bond issues, the court "home rule" tax bill was passed by the senate today by a unanimous vote.

Representative Johnson of Gas City introduced the bill. It provided originally that local taxing units shall have control over the tax levies and bond issues and retained for the tax board the final jurisdiction.

As it passed the senate the bill provided that the circuit court judge may sit as arbitrator. This power was held by the tax board under the measure as it passed the house of representatives.

Such bond issue petitions as are now before the tax board will be returned to the communities in which they originated, another amendment provided.

Still another amendment approved that the Governor have the power to remove any member of the tax board for a sufficient cause.

All amendments went through as designed in a caucus of republican senators. Democratic senators also favor the amendments.

The bill passed under the suspension of the rules in order to permit immediate action.

The measure now goes to the house for concurrence in amendments.

The suspension of the rules came after two thirty minute recesses taken in order to give the democratic senators time to decide on the amendments and to give the republican senators time to agree on the suspension of the rules.

Lieut. Governor Bush lead the opposition to featuring the tax board in the right of jurisdiction in case of an appeal.

When informed of the action of the senate, Governor Goodrich said: "I am for anything that will suit the people and I believe they should have any thing they might want."

The measure was also recommended by Governor Goodrich in a special message before an extraordinary assembly.

The house spent most of the morning considering minor bills still waiting for the senate return on the house measures and final action by the upper body.

## LOSES \$925.80 ON DEAL

County Pays State \$19,733 in School Taxes—Gets \$10,807 Back

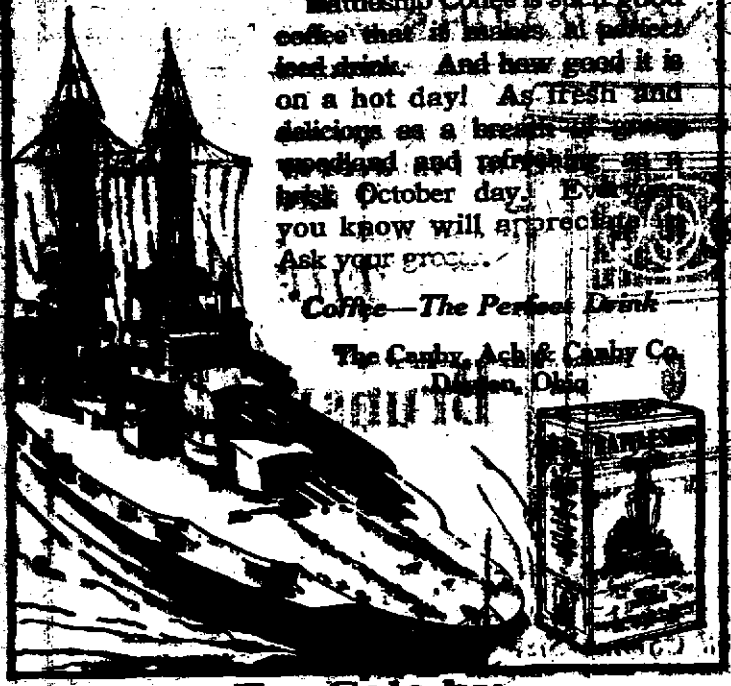

Charles A. Frazee, county treasurer, today received a check from the state treasurer for \$10,807.75 as the county's share of the state school fund. There was collected in Rush county on the spring installment in school revenue \$19,733.50, all of which was sent to the state. This reveals that the county lost \$925.80 in the transaction. This is always the case as the wealthier counties of the state help support the schools of the poorer counties. For many years the law has been regarded as unfair.

Salvation Army Sale is **ENDING**  
Conducted, However

The Salvation Army canvass of the county for contributions to be sold for the benefit of the Home Service fund, was completed yesterday, when Capt. Tench of the local branch of the Salvation Army made a tour to Andersonville.

The captain states that he has met with good success in his solicitations of the farmers and the small towns of the county. He also stated that greater success in the campaign can be obtained if those who promised to bring their donations to the headquarters here would not forget it. All contributions can be brought to the sample room in the old Windsor hotel building, which opens in First street, where the sale is being conducted.

In the role of Jim Pierce, Jr., Harry Carey appears as the son of a wealthy manufacturer who is looked upon as the successor to his father's position and interests. Just as he is about to admit failure in his conventional surroundings, he decides to go West and assume the management of a ranch owned by his father.

Here he meets adventures and tricks to test his mettle, battles with men and with the elements, and finally meets the girl he decides to win. A jealous Spanish girl, sister of the owner of a neighboring ranch conspires to spoil his romance. She almost succeeds.

The elaborate settings of the millionaire colony in the East have been reproduced with as much attention to detail as the inspiring Western scenes.

"Human Stuff" promises to be a worthy successor to "Marked Men," "Overland Red" and other recent Carey successes.

## Fence Posts That Last

We have just received three shipments of Fence Posts as follows:

#### Chestnut

4 to 6 inch round—8 foot line posts. These posts are reasonable in price—absolutely sound—very durable, and make a good post for a field fence.

#### Red Cedar

Red cedar posts, because of their beauty, are most often used for fences around the house. Our shipment included 7 and 8 foot lengths—for either a yard or field fence. Government tests rate them above all post timbers except osage and locust for their durability.

#### Steel Posts

We have taken particular pains in putting in our first stock of steel posts to get the best on the market—one that won't bend every time a cow leans against it. The T-shaped angle iron we have will withstand a very great strain.

#### Crossed

Our large stock of 8 foot crossed line posts were not merely dipped but had the crossbars boiled into them.

#### Locust

6 to 8 inch square and round 10 foot locust and posts. Also Red Cedar braces and end posts of any size desired.

Our stock of fence posts is unusual in its quality and variety. The price is right. Come and look them over.

### Grateful For Relief Given Aged Mother

Miss Williams is Happily Surprised by Trutona's Unusual Merit as Reconstructive Agency

Evansville, Ind., July 22.—"I am glad and enthused over the good Trutona has done me, but I simply lack the words to express my surprise and thanks for the relief of my mother's troubles," says Miss Studie Williams, who lives in Evansville, at 808 East Pennsylvania Street.

"My mother had suffered from catarrh of the stomach and bronchial trouble for years. Because of her advanced age and the failure of so many medicines to do her any good, I had almost despaired of her getting any relief."

"I myself had been constantly suffering from stomach trouble for several years. When I'd drink water a lump seemed to form in my stomach, and I'd belch terribly."

"Both mother and I are now eating things we never before dared to touch, since taking Trutona. We both sleep soundly at night and neither of us is bothered with constipation any more. We're both certain we wouldn't have been sick so long had we known of Trutona sooner. Any one is welcome to call on us regarding the truth of this statement."

Trutona's health action reaches every portion of the body, and performs its work faithfully and efficiently. Trutona rebuilds diseased nerves and tissues, creates a healthy appetite and assists in the assimilation and digestion of the food.

Trutona is sold in Rushville at Hargrove and Mullin's Drug Store. (Adv.)

### Weeds and Beauty

It is noted that the city council has instructed the city street commission to order all owners of vacant lots to cut the weeds and in case the order is not obeyed, to do the work and charge it to the property owner.

This is an annual event in Rushville as well as in most every other county seat town, and the only trouble is that such an order is not issued soon enough. The authorities generally wait until the weeds are so high that they are very unsightly, and then they are not finally cut until the summer is half gone.

There is nothing that contributes more to the unsightliness of a city or town than tall ugly weeds standing in every spot where they are allowed to thrive. The same thing holds true of the rural districts.

In these days of heavy automobile travel, the visitors within our borders see as much of the country as they do of the town and they can not have a very good impression of a county where farmers allow the weeds to grow as tall along the main roads that their live stock can hide in them.

Attention was recently called by a Rush county farmer who lives in Rushville, to the condition which exists on many of the principal roads, and the Daily Republican printed a story about it and urged that the weeds be cut.

Since that time, this farmer testifies, there has been some very notable improvement. Many farmers thoughtlessly allowed the weeds to spring up in the fence corners and along the roads. One farmer complained that no one would object to the weeds along the road if he were living on the farm and had to contend with the labor shortage as it exists today.

There is no question but that farm labor is scarce and that farmers are overworked during the harvest season, but it used to be the custom on the farm to make weed cutting a rainy day job when the harvest was stopped for the moment. A lot of farmers, according to reports, have been busy in the last few weeks and have taken advantage of every opportunity to mow down the weeds, which is very commendable and shows that Rush county farmers as well as the majority of the residents of Rushville have some pride in their own premises and their home city and county.

# NOTES

The Tri Kappa sorority will meet Friday night at 8 o'clock with Edith Ashworth at the home of her parents, Mr. and Mrs. D. C. Small, living east of the city.

Mrs. Ray Compton was hostess for the members of the Tarry-A-While club this afternoon at her home in East Sixth street. The guests were entertained with an informal social party followed by the serving of refreshments.

Mr. and Mrs. A. G. Abernathy entertained the following guests at their home in Homer yesterday: Mrs. Catherine Winterroad, of Tippecanoe county, Mrs. Charles Brunner of Norristown, Mrs. E. L. Sever and Mr. and Mrs. Lionel Sever and son Kenneth D. of Waldron.

Mrs. Theodore Abereromble delightfully entertained a number of ladies yesterday afternoon at her home in North Perkins street with an informal afternoon party. Those who enjoyed the affair were Mrs. D. D. Dragoo, Mrs. Louis Hiner, Mrs. Charles Frank, Mrs. Loren Meek, Mrs. John Colvin, Mrs. Walter Niles, Mrs. George Urbach, Mrs. Wilbur Wilson and Mrs. Gibson Ross. Delicious refreshments were served at the close of the party.

A bountiful pitch-in dinner was served at the home of Mr. and Mrs. Henry Neff of Greenfield, Tuesday, who are to leave soon with Mr. and Mrs. Charles Neff to spend the summer at the latter's home at Santa Ana, California. The guests included Mr. and Mrs. Joe Houston and son Wayne of Richmond, Mr. and Mrs. Claude Neff of Eaton, Mr. and Mrs. W. H. Bever of Anderson, Mr. and Mrs. Roy Cole of Indianapolis, Mr. and Mrs. Ray Bird of Shelbyville, Mr. and Mrs. Roy Neff of Greenfield, Mr. and Mrs. Charles Neff, Mr. and Mrs. Earl Beaver and daughter Mildred Louise, Mr. and Mrs. Matt Bever, Gladys Bever, Ruth Ryon and son Donald, Mr. and Mrs. John Bever, Mrs. Harriet Bever and Mr. and Mrs. Lon Ryon, all of this county.

**Active, Anyway.**  
Paul went with his mother to the country. Fresh watercress from the brook was served on the table and upon venturing to try some for the first time, he exclaimed: "Oh, it's alive!" "Why do you think so?" asked his mother. "Because it bites my tongue," he answered.

## Vincennes Couple Are Enthusiastic

Surprised to See How Quick the New Medicine Drego, Went after Their Troubles.

Indigestion and Gas in The Stomach Relieved, Sluggish Liver Aroused Weak Kidney Strengthened.

"I was certainly surprised to see how quick my wife and I were relieved of our troubles, by taking the new medicine Drego," declared Mr. Harry Dunham of 1521 North 12th Street, Vincennes, Ind.

"Both of us were feeling worn out, tired, no energy and had a poor appetite. My stomach would fill up with gas after each meal making me very uncomfortable, also had griping pains in my bowels, my liver was lazy which gave me dizzy spells and spots would float before my eyes. I often had pains in my back over my kidneys and had to get up several times during the night."

"My wife was quite nervous and suffered daily from constipation, bilious headaches and shortness of breath. The muscles in her back were sore and stiff."

"Since we have been taking Drego both of us are feeling very much better, all our troubles are much better and by the time we finish a full treatment I'm sure we will be sound and well. We think Drego the best medicine ever brought to this city."

After taking Drego is noticed that the bowel action becomes regular, gas in the stomach disappears, liver becomes active thereby overcoming dizzy spells and headaches, weak kidneys are strengthened, nerves quieted and the whole system feels full of vim and energy.

All good druggists now sell Drego and it is being especially introduced in Nashville by F. B. Johnson and Co.

# ADVISES TEACHING OLD FOLKS TO PLAY

Indianapolis Recreational Department Trying to Get Older People to Use Playgrounds

FOR CONTINUED GOOD HEALTH

25 Men All Expert Athletes to Direct Work of Boys and Men in Games at City Parks

Indianapolis, Ind., July 23.—"The war has taught grown ups as well as children to play," declared Walter R. Jarvis, director of the recreation department of the Indianapolis Park board today.

Pointing out briefly what athletic games accomplished for the soldiers during the war, Jarvis made it plain that the recreational department was trying to accomplish similar results in Indianapolis and Indiana among men and women as well as the children. Other cities of the state are keeping pace with Indianapolis in providing play grounds.

The swings, tennis courts, baseball diamonds and football gridiron may be used by the children most of the time, but the recreation department of every large city in the state is trying to get the grown ups to take advantage of the play grounds.

For the former athlete this means continued good health, for the man or woman who has never had a chance or inclination to take part in athletics it means many enjoyable athletic games which will result in better health.

Teaching grown ups to play is no small problem. "It is hard to teach an old dog new tricks," has proven true, but after all there are few men and women but who in their childhood took part in some kind of games. Matrons of the playgrounds lend their aid in starting and teaching competitive games in which women are glad to take part. Competitive games an athletics seem to have more attraction to the American and that type of athletics are popular.

Jarvis has twenty-five men all expert athletes, who direct the work of the boys and the men in the games at the various city parks. These athletes see to it that the games are provided for all men. The old game of horse shoe played at every cross roads in the Hoosier state, today is just as popular in the city parks and leagues have been formed and mason games played.

In promoting track and field athletics, Jarvis has accomplished more than any other man outside of the college and high schools. He has provided medals which has been awarded to winners under auspices of the recreation department of the park board.

These meets have not been limited to Indianapolis boys and men but have been open to any athlete in the state.

The Indianapolis Athletic and Canoe Club track team with its combination of star athletes at a meet held at Willard Park was defeated by a team from Greenwood, Ind.

## HORTICULTURISTS TO MEET AT LAUREL

Orchard There Is Selected for Annual Meeting of Indiana Horticultural Society Aug. 5

PROMINENT MEN TO SPEAK

Laurel Orchard Company Used as Experiment by Purdue University For Ten Years

Proper cultivation, which included the turning under of clover crops, brought eleven times as much fruit as where the trees were left in sod, and also increased the growth of the trees 43%, according to the results of ten years' experimental work by Purdue University on the farm of the Laurel Orchard Company at Laurel. Different methods of the orchard, an extremely heavy soil management were tried out in straw mulch scattered under the trees giving results practically equal to the tillage.

Because of the wonderful results obtained in the experimental work at Laurel and the features of value to every orchardist not only in Indiana, but in other states as well, the annual summer meeting of the Indiana Horticultural Society will be held in the Laurel orchard Aug. 5. The facts and figures will be given, and every man will have a chance to learn the most profitable way in which his orchard may be managed. The program will open at 1 o'clock in the afternoon with an address by Prof. C. G. Woodbury, formerly director of the Purdue Experiment Station, under whose direction the orchard work was started ten years ago, while he was head of the horticultural department. Prof. G. L. Christie, head of the extension and

## NUDE BODY OF GIRL FOUND IN A TRUNK

Discovered When Expressman Delivers It to New York City Address—Sent From Detroit

WAS SHIPPED ON JUNE 17

(By United Press.)  
New York, July 23.—A nude body of a young woman with a twelve inch knife wound in her abdomen was found stuffed in a trunk under a pile of clothing by James Damerist, delivery foreman of the American Express company here today.

The trunk was consigned to James Douglas of New York City, and marked shipped from A. A. Tieturn, 105 Harper street, Detroit, Michigan.

Detroit, Mich., July 23.—Information regarding the persons who lived at 105 Harper Avenue, the address from which a trunk was shipped to New York containing the nude body of a young woman, was given today by Mrs. Lottie Brooks, wife of the janitor of the building at that address.

Mrs. Brooks said a couple lived at the building early in June. The woman disappeared before June 17 the date in which the trunk was shipped. A few days later the man also disappeared after borrowing money from several of the members of the building in order to ship two trunks.

## REPUBLICAN EDITORS MEET NEXT FRIDAY

Annual Outing Will be Held at Turkey Run and Prominent Politicians Will be Present

THEIR FAMILIES INVITED TOO

Indianapolis, Ind., July 23.—(Special) Republican editors and their friends will gather next Friday, at Turkey Run Park for the annual outing of the Indiana Republican Editorial Association. An elaborate program has been arranged and according to Ed J. Hancock, president of the association, a record attendance will be on hand.

One of the special attractions of the program will be a fifty mile automobile tour through the park and the adjacent grounds, which are famous for their picturesque beauty.

Among the speakers will be Warren T. McCray, Republican nominee for governor; Governor James P. Goodrich; Senators Harry S. New and James E. Watson, and E. M. Wasmuth, chairman of the Republican State Committee. Fred R. Shortemeier, Secretary of the state committee, said today that announcement of another speaker of national reputation will be made in a few days.

The nominees on the Republican state ticket and many other leading Republicans will attend, President Hancock stated.

To reach Turkey Run the steam line to Marshall or interurban line to Crawfordsville should be taken. From either of these points automobiles can be taken to the park. Automobiles will meet the morning train at Marshall to take guests to the outing. The editors have been invited to take their wives and families with them and all Republicans are cordially invited to attend.

## Phonograph Facts

The phonograph truck from the station responded to a telephone call last night to the vicinity of Eighth and Perkins street, where an automobile belonging to Merle E. Wolcott was threatened when some wires threw off sparks and caused a smoke to appear. The truck threw some chemicals on the machine, and extinguished the blaze, with no damage being caused to the machine. The run was made about 7:30 last night.

## AN ERROR

of a millimeters in measuring the distance between the pupils of the eyes, when fitting glasses, may seem insignificant, but in reality would cause you much pain and discomfort in certain forms of eyestrain. Our eye examinations are so carefully and skillfully performed that errors are virtually impossible.

## THE NEW OVERLAND

On Triplex Springs nimbly glided over the nation's roughest roads has written a wonderful story of Stamina. The story began with the unprecedented pre-production test covering 250,000 miles of the wild country of the great Southwest. In its first eight months of service among 75,000 owners climax upon climax has been piled up in records of extraordinary performance.

The remarkable performance of the Overland is due largely to its jar-absorbing Triplex Springs, which prevent the usual pounding of rough roads from causing discomfort to passengers. They also reduce the stress and strain on motor and chassis, preserving the car for longer wear and reducing upkeep. The chassis itself of finest alloy steel adds to the stamina of the car as a whole.

The success of the Overland Triplex Springs has changed the attitude of thousands toward the fight type of motor car. You cannot truly appreciate the comfort, economy and stamina of the new Overland until you have actually ridden in this car.

DENY STATEMENTS  
MADE BY THE MAYOR

Peoples Gas Co. Directors Call At-  
tention to Some Things Mr. Vin  
Said Which are Not True

## MEET EVERY MONDAY NIGHT

In reply to statements made by Mayor Vin before the city council Tuesday night, attacking the Peoples Gas company, directors said today that the mayor was mistaken about bank directors on the gas company's board receiving \$60, for as a matter of fact they received \$100 a year as bank directors.

In any event, the comparison was not fair, the gas company directors pointed out, because they meet every Monday night during the year and frequently at extra sessions, whereas bank directors hold a far smaller number of sessions a year. The gas company directors actually transact the business of the company and the employees are responsible to them.

They declared the charge by the mayor that the salaries of employees had been the same for six or seven years was refuted by the testimony introduced at the state public service commission hearing yesterday, which showed the secretary's salary had increased twenty-five percent, the superintendent's fifty percent

If You Are Easily Tired Out,  
Your Blood Needs Purifying

Clogged-up Impurities Will Under-  
mine Your Health.

The first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker, day by day, until you feel yourself on the verge of a breakdown.

This whole condition is but the result of impurities in the blood that show that nature needs as-

istance in giving the system a general housecleaning. Nearly everybody just now needs a few bottles of S. S. S. to cleanse the system of impurities. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vitality to both old and young.
